

Your Parish Council believes that footpaths, bridleways and other public rights of way are a vital part of village life and should be accessible and open for everyone.

To help achieve this we would like to form a

P3 GROUP

(Parish Paths Partnership)

We need volunteers who are able to spare a few hours from time to time to join a working group to monitor the network and assist with clearing styles and paths, correcting signage and waymarks, and generally assist with small repairs.

Two styles in Hinstock Parish both in very different condition.
